

Wesley Secure Care

Board Member Recruitment Summary

Wesley Inc. (doing business as Wesley Secure Care) is a not-for-profit 501(c)(3) organization headquartered in Towson, Maryland. We are seeking accomplished leaders who are passionate about transforming how older adults experience aging and long-term care. As a member of our Board of Directors, you will help guide an innovative model that enables older adults to remain independent, supported, and connected in the homes and communities they choose.

We are specifically seeking board candidates with professional experience in one or more of the following areas: accounting, operations, sales and marketing, long-term care delivery, human resources, healthcare, gerontology, law, financial planning, large corporate employers, or technology.

Board members provide strategic oversight, bring their professional expertise to important organizational decisions, serve as ambassadors for our mission, and help position the organization for sustainable growth and long-term impact. We are committed to building a board that reflects the communities we serve and brings together diverse professional experiences, perspectives, backgrounds, faith traditions, racial identities, and ethnic groups. We believe that diversity of experience and thought strengthens governance and leads to better decisions.

The board meets once a month, with committee meetings scheduled as needed, and holds one annual full day retreat in the fall which board members attend in person. You may attend committee meetings in person or remotely.

Wesley Secure Care offers a different, cost-effective way of financing long-term care in members' own homes with a buy-in and monthly fees. Our mission is “to bring a continuum of coordinated wellness and long-term care services to older adults in Maryland in their own communities and homes.” Our core values—*independence, peace of mind, quality of life, and thrive*—shape every aspect of our work. Our core purpose is “to provide a cost-effective long-term care alternative for older adults through a nationally recognized, outcome driven wellness model that allows members to thrive while aging in place wherever they choose to call home.” To learn more about our organization, please visit **WesleySecureCare.org**.
